Production	100 cases

Description: Horse and Plow Winery merges the best of old and new world techniques to produce hand-crafted, authentic wines from northern California. This dry Rosé was fermented in neutral French Oak barrels and sur-lee aged for 5 months. Only 100 cases were produced. Bright pink in color with strawberry & rhubarb on the nose and palate. Lively acidity and dry finish make this a versatile wine for sipping on a warm day or paired with cheese, nuts, and charcuterie.
