Production: **80 Cases**

Horse and Plow Winery merges the best of old and new world techniques to produce hand-crafted, authentic wines from northern California. Block 882 is a small planting of Pinot Gris farmed by Robert Sinskey Vineyards in Carneros. It was hand-picked, whole cluster pressed, fermented in neutral French Oak barrels, and aged for 6 months Sur Lie.

HORSE & PLOW WINERY is a small husband and wife run winery in Santa Rosa that focuses exclusively on making handcrafted wines from organic and biodynamic grapes. Chris Condos and Suzanne Hagins started Horse & Plow in 2008 making only 600 cases of wine and are currently making 2500 cases. Chris started making wine in 1995 at Pine Ridge Winery in Napa Valley. He is also co-owner of Vinum Cellars, which he started in 1997, as well as the winemaker for Kathryn Kennedy Winery. Suzanne's first harvest was in 1998 at Comte Armand in Pommard, with California experience at David Bruce and Goldeneye. She is also the owner and winemaker for Lutea, founded in 2004, and produces organically grown pinot noir. We utilize organic farming, small lot fermentations and traditional techniques to make balanced, food friendly and site specific wines. Our goal is to make world class wines from organically grown grapes. We feel that in addition to the environmental benefits of organic farming, the resulting wines show more varietal character and sense of place. All wines are made naturally from vineyard to bottle.

THREE AMIGOS VINEYARD, BLOCK 882. Carneros. Certified Biodynamic Pinot Gris
Robert Sinskey Vineyard was one of the first ultra premium growers in Napa Valley to really focus on Organic and Biodynamic farming over 20 years ago. Currently they farm over 200 acres of vineyards in the Carneros and Stags Leap districts of Napa and Sonoma Valleys. We get our Pinot Gris from a small, single acre block of the Three Amigos Vineyard in southern Carneros, Napa called 882. This location is one of the coolest sites in Carneros because of the proximity to the San Pablo Bay.
